# Let's Hear From You, Friends

No matter how your stock has done. We like to hear from our patrons; we cannot know how our stock is doing for YOU unless you tell us.

If it has proven satisfactory, tell your neighbors. This will be a favor both to us and to them.

If, for any reason, it has not proven entirely satisfactory, let us know at once. We will be glad to make it satisfactory, and will thank you for calling our attention to it.

Send us a list of names of your neighbors and their Post Office addresses, so we can send them our price list. We want to retain all our old friends and make as many new ones as possible.

"Uncle Sam" is the only salesman we employ. You do not pay any agent a commission when you deal through him, and he does not give you any "hot air" about fake varieties or smooth talk about results that are impossible.

Let us have your order by today's mail if possible; if not, then at your earliest convenience. We will hold the stock for you until the proper time for shipment.

If you do not care to send remittance with your order, just give us a reference to any merchant or firm with whom you do business (if you are unknown to us).

We will send the stock right along and accept your personal check in payment, on receipt of the stock —when you have the opportunity of knowing that everything is satisfactory. This is not the way agents and canvassers do business. Neither could we afford to do it if our stock was not the best and delivered to you in good order. You are not "buying a pig in a poke" when you deal with us.

Of course if you wish to send your check with your order, we will be pleased to have you do so. We will promptly acknowledge receipt of the amount paid, and in all such cases will add some extras to repay you for your kindness, which saves us quite a little extra work in book-keeping. We prefer not to send any stock C. O. D.

The prices herein are net to the purchaser—no freight, express, packing, or other charges to pay—no risk to run. Just mail us your order. We do the rest.

# 1916 PRICE LIST

We often send plants and small packages by parcels post, and other stock usually by express or freight, using our judgment in the matter, but in either case, we bear all transportation charges to your R. R. Station or your mail box. Orders will be filled for plants, etc., as small as \$1.00 and prepaid, by parcels post; but on all other stock orders must amount to at least \$5.00; otherwise we cannot pay the transportation charges. We do not pay the transportation charges on stock replaced at half price. Six of a kind will be sent at dozen rates, fifty at hundred rates, five hundred at thousand rates.

Be sure to write us for special price on large quantities of stock, and submit a list of your wants. We are always glad to cut prices wherever possible—when the amount wanted will justify it.

Entomologist and Chief Inspector.

J. H. SHEPHERD, JR., by A. H. H., Deputy Inspector.

## Our Guarantee

We exercise great care to have all our stock pure and true to name, and there is but small chance for anything to turn out otherwise. If anything should prove untrue to label, we will replace such stock as is untrue free of charge, or refund the price originally paid therefor; but it is mutually understood and agreed that we will in no case be responsible for any greater amount, nor for damages. We guarantee our stock to reach you in good condition. If it does not, notify us at once, and we will adjust the matter promptly. We also replace all stock that fails to grow, at one-half of our printed catalogue prices, provided the purchaser furnishes us a list of such losses, accompanied with a statement that he desires the stock replaced on these terms.

A certificate of inspection on our tag will be found attached to every shipment we send out.

Yours for the best stock and a square deal,
